Heads of Institutions,
Director/NIHS,
Chief Medical Officer – CMC.

Glucose 75 g sachets for maternal care programme

There have been concerns regarding gaps in utilization of 75 g glucose sachets at institutional level for oral glucose tolerance test (OGTTs) of pregnant women.

Therefore, please ensure in your area / institution that necessary action has been taken to receive the required stocks of glucose 75 g sachets from Medical Supplies Division / Regional Medical Supplies Division and optimally utilized at antenatal clinics.

Thank you,

.....
Dr. Asela Gunawardena
Director General of Health Services
